It is our vision to provide a comprehensive regional recreation program that incorporates community recreation programs and networking with other recreation and park agencies. It is therefore our intent to:

- Develop in people an awareness and appreciation of leisure
- Provide a continuum of services that focuses on abilities, rather than disabilities
- Provide a safe environment where people can experience fun, joy and laughter
- Encourage people to attain their highest level of leisure independence by
 - Teaching leisure skills
 - Teaching creative & constructive use of leisure time
 - Improving social & communicative skills
 - Involving them in program development & evaluation
 - Making them aware of recreational opportunities in the community
 - Allowing them to choose their own options in leisure

Prepare them for integration into on-going community recreation

This vision, we believe, will enrich the quality of life for all that choose to participate.
